Dear applicant,

Thank you for your interest in applying for a master’s degree course at the University of Oldenburg. In the following document, we would like to give you some information about our application procedures that are specific for master’s degree programmes. (For general information please see our information sheet “General Information for Applicants with international Degree”)

1. Prior to your Application .................................................................1
2. Admission requirements .................................................................1
3. Application Process .........................................................................2
   a) European Wind Energy Master (EWEM) ........................................2
   b) European Master in Migration and Intercultural Relations (EMMIR) ........2
   c) European Master in Renewable Energy (EUREC) .............................3
   d) Postgraduate Programme Renewable Energy (PPRE) ......................3
   e) Engineering Physics (M.Sc.) ............................................................4
4. Deadlines .......................................................................................4
5. Acceptance .....................................................................................4

1. Prior to your Application

Prior to your application, please make sure that you choose a degree programme that fits your skills and interests. While thinking about the right programme, please keep in mind that master’s programmes in the same field of study might focus on different aspects of this field. Therefore, it is possible that your bachelor’s degree is closely related to the field but did not professionally qualify you for the specific master’s programme of the University of Oldenburg. You might therefore keep the option in mind to apply for the related bachelor’s programme as well, get credit for your passed examinations and register for the master’s programme with your bachelor’s degree from the University of Oldenburg.

2. Admission requirements

As the admission requirements might be different for different degree programmes, please check the information website of your respective degree programme.

In general, you need:

- Bachelor’s Degree
SPECIFIC INFORMATION
for Applicants with International Bachelor’s Degree

- Proof of your German language proficiency (applicants for courses with English as the medium of instruction do not need German proficiency)

In addition, you might also need:
- Proof of your English proficiency
- Transcripts of Records
- Letter of Motivation
- Acceptance test

3. Application Process

In general, applications from students with international degrees who wish to study at the University of Oldenburg are processed by the Service Centre for International Applications for Study, uni-assist_e.V (http://www.uni-assist.de/index_en.html). You can get information on the recent status of your application by contacting the registrar’s office of the University of Oldenburg. However, there are some master’s programmes for which the application process is different. These programmes are:
- European Wind Energy Master (EWEM)
- European Master in Migration and Intercultural Relations (EMMIR)
- European Master in Renewable Energy (EUREC)
- Postgraduate Programme Renewable Energy (PPRE)
- Engineering Physics (M.Sc.)

For these programmes the registrar’s office does not have any information on the current status of your application. Please contact the respective programme coordinator.

a) European Wind Energy Master (EWEM)

Information on the programme: http://ewem.tudelft.nl/

If you wish to apply for the 2016-2018 EWEM programme, you can start the procedure as of October 15th 2015. This is conducted by the International Office of the TU Delft. How you can apply and which files you need to send in (digitally) is mentioned on their website http://tudelft.nl/en/study/studying-at-the-tu-delft/admission-and-application/msc-with-international-degree/application-and-procedure/.

b) European Master in Migration and Intercultural Relations (EMMIR)

Information on the programme:
http://www.uni-oldenburg.de/nc/en/students/course-of-study/?id_studg=549

VISITOR ADDRESS
Student Service Center
Building A12 Room 1-108

INTERNET
https://www.uni-oldenburg.de/en/registrar-office/
EMMIR uses the management platform eConsort to facilitate the application process. Only after registering with your name, email address you will be able to access the following online application form

More information on the application procedure can be found following
http://www.emmir.org/applications/applications/

c) European Master in Renewable Energy (EUREC)

Information on the programme:
http://www.uni-oldenburg.de/nc/en/students/course-of-study/?id_studg=558
http://www.coast.uni-oldenburg.de/19694.html

The application process for Academic Year 2016/2017 will start on 15 January 2016. The deadline to apply is 10th July 2016 (date of receipt of the application materials). OLDENBURG University: all students must apply before July, 1st. HANZE UAS: non-EU students must apply before June, 1st. EU students must apply before July, 1st.
The first thing applicants must do is to register with the EUREC website (http://www.master.eurec.be/en/How-to-Apply/Create-an-Account/).
Afterwards you can create an application, upload files, review and submit your application.

More information on the application procedure can be found following

d) Postgraduate Programme Renewable Energy (PPRE)

Information on the programme:
http://www.uni-oldenburg.de/nc/en/students/course-of-study/?id_studg=214
http://www.uni-oldenburg.de/en/ppre/

Please apply online between August 15 and January 15:
https://qis04.uni-oldenburg.de/qisserver/rds?state=wimma&stg=f&imma=einl

More information on the application procedure can be found following
http://www.uni-oldenburg.de/en/physics/studies/courseofstudies/ppres/ppre/application/
https://qis04.uni-oldenburg.de/qisserver/rds?state=wimma&stg=f&imma=einl
e) Engineering Physics (M.Sc.)

Information on the programme:  
http://www.uni-oldenburg.de/nc/en/students/course-of-study/?tab=profile&id_studg=2

Please apply online:  
https://qis04.uni-oldenburg.de/qisserver/rds?state=wimma&stg=z&imma=einl

More information on the application procedure can be found following  
http://www.uni-oldenburg.de/nc/en/students/course-of-study/?tab=application&id_studg=2

4. Deadlines

Be aware that processing at uni-assist e.V. takes about 4 weeks! We expect your completed application in time before our application deadline!

Deadlines for master’s degree courses vary. Please check the deadline for your master’s degree course through the link below or on the website of the respective programme:
http://www.uni-oldenburg.de/nc/en/students/application-deadline/single-subject-master/

For applicants who need a visa, it is in your own interest to apply three months before the application deadline to make sure that you can begin your studies on time.

Applicants, who need to learn German prior to beginning their studies, please calculate one or two semesters for the language course!

5. Acceptance

The admissions decisions for master’s degree programmes are made by the respective faculty based on professional qualification. Please note that some degree programmes require a letter of motivation, an acceptance test, a proof of English language proficiency or other documents in addition to your academic records. These documents need to be uploaded with your application through uni-assist e.V., or the application platform of the respective programme. Check the information page of the respective degree programme for more information on the documents needed for your application.
The following link provides information on the schedule of admission committee meetings:
https://elearning.uni-oldenburg.de/downloads/esis/3478/i-amt/TerminplanZulAusschuesse.pdf

Admission decisions are mailed by post or email either by the University of Oldenburg or by the respective programme coordinator as soon as decisions have been made.
