Information on exmatriculation

Exmatriculation
You can use this application form to exmatriculate (de-register) at any time you wish. If you wish to exmatriculate at a certain point in time, you can specify this on the application form. If you do not specify a date, you will be exmatriculated at the end of the current semester.
NB Exmatriculation cannot take place with retroactive effect.

If you have passed your final examination, please report to the Registrar’s Office without delay so that the exmatriculation process can be started.
If you leave the university without completing your degree course (for instance, because you start studying at another university) and you are still in the examination procedure, we urgently recommend that you inform your advisor at the examinations office.

You will find a list of the documents you need to submit for the purpose of exmatriculation under point 5 of this form.

Reimbursement of contributions
Contributions paid can only be reimbursed if the application is made before or within one month after the start of lectures. Exmatriculation will then take effect at the end of the preceding semester.

For BAföG recipients
In order to avoid overpayments, you should inform the office for Office for Training Assistance (Student Services) without delay that you have de-registered (state the date of exmatriculation).

Certificate of exmatriculation
Upon completion of your exmatriculation, you will be sent or handed a certificate of exmatriculation.
