## Entry requirements
Enrolment in Master's programme Neurocognitive Psychology.

## Skills to be acquired in this module
**Goals of module:**
Students will obtain direct experience in the field of psychology. This includes being involved in the provision of psychological or neuropsychological services in real-life situations, such as neuropsychological testing or counselling in a hospital or mental health clinic, or conducting and contributing to psychological research. The internship should be chosen by the student such that it can provide a meaningful educational opportunity that will help students to decide on their preferred area of work.

**Competencies:**
- ++ expert neuropsychological/neurophysiological knowledge
- + interdisciplinary knowledge & thinking
- + experimental methods
- ++ ethics / good scientific practice / professional behavior
- ++ knowledge transfer
- + project & time management

## Module contents
The student will work in a field of psychology of personal choice. The student will get to know and participate in the daily work routines of a psychologist.
