neu120 - Lab Exercises in Development and Evolution

Module label            Lab Exercises in Development and Evolution
Module code             neu120
Credit points           6.0 KP
Workload                180 h
Used in course of study
                        • Master's Programme Neuroscience > Background Modules
Contact person          

Module responsibility
                        • Ulrike Sienknecht
Authorized examiners
                        • Alle hier genannten
Module counseling
                        • Hans Gerd Nothwang

Entry requirements
required previous credits
Skills to be acquired in this module
Module contents
Lab exercises in comparative developmental biology on mouse and chicken embryos. Methods: in-ovo live observation; developmental stage discrimination and description, tissue preparation for histology, sectioning, staining, and microscopy
