**Entry requirements**

**Skills to be acquired in this module**
The students:
- understand the interference of intellectual property law and competition law.
- The decision justifies the claim to property rights (or the waiver thereof).
- decide and evaluate the legitimate exercise and abuse of intellectual property rights.

**Module contents**
The module deals with the competition order shaped by intellectual property rights. The module comprises two courses, the first of which can also be attended by the participants of the TEL 1 module. One course provides an overview of the individual property rights (in copyright, patent law, trademark law) within the framework of German, European and international law. The second course deepens the basic facts of competition law (antitrust law, UWG) and focuses on the intersections with intellectual property law.
